GUIDELINES FOR DETERMINING THE NEED TO VISIT AN APPLICATION SITE

The following guidelines are to assist Members to assess whether a Site Panel visit is required. Site visits may be appropriate where:

Members should appreciate that site visits will not be appropriate in those cases where matters of fundamental planning policy are involved and there are no significant other material considerations to take into account. Equally, where an observer might feel that a site visit would be called for under any of the above criteria, members may decide it is unnecessary, e.g. because of their existing familiarity with the site or its environs or because, in their opinion, judgement can be adequately made on the basis of the written, visual and oral material before the Committee.

Applications will normally be considered in the order in which they appear on the agenda. Each application will be presented in the following way:

- Initial presentation by planning officers followed by representations from:
- The **town** or **parish council** - up to 5 minutes for member(s) or clerk;
- **Objector(s)** - any number of speakers, up to 5 minutes **in total**;
- The **applicant**, or **agent** or any **supporters** - any number of speakers up to 5 minutes **in total**;
- **Local member**
- Member consideration/decision.

MICROPHONES: The Chairman will invite you to speak. An officer will ensure that you are no longer on mute so that the Committee can hear you speak.

WHAT CAN I SAY AT THE MEETING? Please try to be brief and to the point. Limit your views to the planning application and relevant planning issues, for example: Planning policy, (conflict with policies in the Local Plan/Structure Plan, government guidance and planning case law), including previous decisions of the Council, design, appearance and layout, possible loss of light or overshadowing, noise disturbance and smell nuisance, impact on residential and visual amenity, highway safety and traffic issues, impact on trees/conservation area/listed buildings/environmental or nature conservation issues
