South Norfolk Council – Strategic Risk Management

The risk appetite of the Council is outlined by a risk appetite statement as set out below:

South Norfolk and Broadland are both dynamic, innovative and commercially minded Council's that empower staff to make well-rounded decisions and take proportionate risks within our boundaries based on intelligence, reason and insight, seizing opportunities to enhance the wellbeing of our communities, economy and staff, reimagining the role of local government.

The statement outlines the Council's approach to risk appetite and is accompanied by a risk scoring matrix (see below) which indicates whether the combined risk likelihood and impact score is above the appetite of the Council. The appropriate approach for managing the risk is then highlighted depending on the combined score.

Any risk with a combined score of 10-25 is outside the risk appetite and action must be taken to reduce the score down to an acceptable level to protect the achievement of the Council's strategic aims and objectives. The following pages of this report sets out the current Strategic Risks to the Council, their current risk scores and the actions being taken to reduce the scores.

Risk Scoring Matrix		1	2	3	4	5
		Insignificant	Minor	Moderate	Significant	Severe
5	Expected	Medium 5	Medium 10	High 15	Very High 20	Very High 25
4	Highly Likely	Low 4	Medium 8	High 12	High 16	Very High 20
3	Likely	Low 3	Medium 6	Medium 9	High 12	High 15
2	Not Likely	Very Low 2	Low 4	Medium 6	Medium 8	Medium High 10
1	Rare	Very Low 1	Very Low 2	Low 3	Low 4	Medium 5
Very High 20-25		Risks scored here represent a severe threat to the delivery of the Council's objectives and service delivery and are outside of the risk appetite of the Council. Risks scored at this level should be treated as a priority and should either be reduced to a score within tolerance or removed. Reporting on progress will be required at Cabinet/Audit Committee and at CMLT until risk level is reduced to tolerance.				
High/Medium High 10-16		Risks scored here represent a significant threat to the delivery of the Council's objectives and service delivery and are outside the risk appetite. Action is required to reduce the rating to a score within tolerance. Reporting on progress is required at Cabinet/Audit Committee and CMLT until risk level is reduced to tolerance.				
Medium 5-10		Risks scored here represent a moderate threat to the delivery of the Council's objectives and service delivery and are within the risk appetite of the Council with some proportionate mitigation and regular monitoring required. These risks can be managed at operational/service level but regular management review of assurance on control effectiveness should occur. Routine reviews should also be carried out to ensure there is no change.				
Low 3-4		Risks here represent a minor threat to the delivery of the Council's objectives and service delivery and are within the risk appetite. Review required to ensure risk score does not change/increase, however these risks can be managed at operational/service level.				
Very Low 1-2		Risks scored here represent an insignificant threat to the delivery of the Council's objectives/service delivery and are within the risk appetite. No further action is required.

Minimise office costs during transition to the Horizon Centre and Disposal of South Norfolk House.						the implementation of the Idox project covering planning, food & licensing, environmental health and elements of waste. 4. The Customer Services Strategy and Charter has been approved by Cabinet and is in the process of being implemented. 5/6. The agreement by both Councils to purchase and move to a single office at the Horizon Centre will deliver significant savings together with cultural and environmental benefits.	
Moving with the times, working smartly and collaboratively	SNC M11	Risk - Capability and capacity does not meet organisational requirements. Consequence - Poor standards of service delivery, service disruption, slow or minimal transformation and inability to meet savings targets as a result. This could also lead to budget underspends if the lack of capacity leads to projects being delayed.	Four-year Strategic Plan developed and in place which sets out the ambitions for the Council over the coming years. Data submission and access available from August 2022 - data now to be analysed	4	4	16 	No	Risk score was increased in Quarter 1 from 12 to 16 but no change in Quarter 2. This is due to current market pressures and the retention and recruitment risk that this is bringing. Some areas of the organisation with high qualification/experience requirements feeling this increased difficulty in recruitment/retention. Grow our own and apprenticeship/Career Grade strategy unlikely to bear significant fruit until at least 2023/24. 1. The work has commenced, with ongoing work throughout the financial year to build the position for the organisation & take appropriate action 2. Successful apprenticeship recruitment drive held, with apprenticeship levy target now being met. 3. Initial discussions have been held with Assistant Directors to look at succession planning and potential knowledge gaps - management & leadership training programme will have a positive impact on knowledge in relation to people. Demographic review being undertaken for the workforce 4. Further work required on recruitment approach with recruiting

								5. Amendments to programme and project management processes to improve how we manage our capacity to deliver. 6. Additional financial monitoring of key projects. 7. Ongoing	4	4	16 	No	Risk score was increased in Q1 from 12 to 16, but no change to risk score in Q2. 1 and 3 - The service continues to provide a range of incentives and marketing campaigns in conjunction with TA6 to encourage membership take up, which while continuing to grow is showing signs of plateauing. The current issues around the increased cost of living could have a negative impact upon membership and usage levels as residents cut back on unnecessary expenditure, but it is too early to see any impacts. 2. The increase in utility costs, particularly electricity will have a negative impact upon expenditure currently projected to be in the order of c£150k although the installation of solar panels will help to reduce the impacts.
