Amanda, Rosie

In relation to the application for a new premises licence for Greenmantle, Hapton.

I am aware that you have suggested that the proposed conditions submitted within the operating schedule are extended to enable them to be clearer and more enforceable.

I agree with this and request that the amended conditions are included as part of the licence in particular relation to the CCTV, ensuring that it is recording for 28 days, covering externally and internally and providing recordings to Police and refusal log.

With the proposals below extended/amended by yourselves, there are no Police objections

Kind regards
